QUICK START GUIDE

Sell more than just tickets

Use the Add-on Widget to sell merch, concessions, and other extras right on your website.

> *"Using On The Stage has helped to level up our school events and performances. With the customizable website, the merchandise add-on, the fundraising suite, social media and automated email campaigns, and easy online ticketing, using On The Stage has given our arts programs a professional feel."*
>
> **Andrea Richardson, Helix Community Schools Arts**

What you'll need

- Add-ons listed in OTS
- Edit access to your website

OR

- Your website designer

★ **NO ADD-ONS YET? Create them first**

Set up merch, concessions, and other extras in OTS with our help article on creating add-ons.

Steps

1. **Open Widget Configuration**
   Click Website › Widget Configuration › Settings.

2. **Set allowed domains and redirect URLs**
   Allowed domains are the pages that can show the widget. Redirect URLs are for emails.

3. **Customize the widget**
   Choose how the widget looks and which events offer add-ons.

4. **Add it to your website**
   Follow our website-specific instructions to place the widget.
